

Mission Statement:

All HUSD students graduate from high school prepared for college, career and citizenship with the skills necessary to thrive in the 21st century.

AMFM will include the following courses: English (CP and AS), World History, US History and the AMFM Elective.

During the 2015-16 school year 10th graders will be cohorted together.

During the 2016-17 school year the AMFM Academy will enroll both 10th and 11th graders cohorted together for all 3 courses.

If you are interested in learning more about AMFM please contact your counselor or one of the teachers listed below.

To create the most meaningful, rigorous and relevant education HHS has developed

AM-FM

The Art, Music, Film & Media Academy

**Stand Up
and Be Counted**

AMFM

Students' interests and aspirations after high school will be met by preparing them now through challenging coursework that incorporates their passions.

Do you:

- Like to make movies, music and art?
- Like to express your opinion through images, music or writing?
- Believe in the value and power of music and media?
- Enjoy being part of a close and cooperative learning community?
- Want to learn more about what colleges/universities offer degrees in media, music, art, film, and writing?

Art ⚡ Music

As part of AMFM you will:

- Be part of a smaller learning community with students and teachers of similar interests
- Discover ways to uniquely express your ideas and knowledge
- Connect with colleges and universities that have programs related to AMFM careers
- Connect with working professionals in the industries of media, music, art, writing and film
- Be a part of the greater HHS student community by participating in any HHS opportunities such as sports, electives, events, clubs, etc
- Develop strong interpersonal relationships with students and teachers
- Have opportunities to be a part of and lead special events such as film festivals, poetry slams, music performances

Film ⚡ Media

To ensure all students at HHS are ready for both college and career the AMFM Academy will integrate college-prep academic coursework with Career Technical Education (CTE).

Goals:

- Prepare every student for college and career
- Personalize the educational experience
- Create ties between school and what is happening in the world
- Make 21st century skills (critical thinking, communication, collaboration and creativity) central
- Teachers and students co-create learning through project-based inquiry learning
- Expand the use of technology
